Session 1A

In this session today you will:

Work through the 'Will it work?' table below... to decide if your aspiration is possible. Do you need to modify your aspiration to fit the timescale and resources available to you?

What? Describe an aspiration you have for your local community.	
Why? Describe why this aspiration would benefit your community.	
Who? Who would benefit or be involved with the project?	
When? Describe how you would prepare and deliver the project.	
Where? Where will your project take place?	
How? Is it feasible? What resources will you need and how might you have to modify the project to achieve your aspiration?
